

## **Before Starting the Exhibit 1 Continuum of Care (CoC) Application**

HUD strongly encourages ALL applicants to review the following information BEFORE beginning the FY2011 Exhibit 1 Continuum of Care (CoC) application.

Training resources are available online at: [www.hudhre.info/esnaps](http://www.hudhre.info/esnaps) &nbsp;- Training modules are available to help complete or update the Exhibit 1 application, including attaching required forms to the application. &nbsp;- The HUD HRE Virtual Help Desk is available for submitting technical and policy questions. &nbsp;

### Things to Remember

- Review the FY2011 Notice of Funding Availability for the Continuum of Care (CoC) Homeless Assistance Program in its entirety for specific application and program requirements. - CoCs that imported their FY2010 information during the CoC Registration process are reminded to carefully review each question in Exhibit 1 to ensure the response imported is appropriate. Questions may have changed from the FY2010 process in which case the imported response may no longer be relevant. Note that not all questions from FY2010 were imported and new questions will require manual responses. Be sure to review the application carefully and verify and update as needed to ensure accuracy.- New CoCs or CoCs that did not apply in FY2010 will not have information pre-populated and must complete all Exhibit 1 forms..

## 1A. Continuum of Care (CoC) Identification

**Instructions:**

The fields on this screen are read only and reference the information entered during the CoC Registration process. Updates cannot be made at this time. If the information on this screen is not correct, contact the HUD Virtual Help Desk at [www.hudhre.info](http://www.hudhre.info).

**CoC Name and Number (From CoC Registration):** KS-507 - Kansas Balance of State CoC

**CoC Lead Agency Name:** Kansas Statewide Homeless Coalition

## 1B. Continuum of Care (CoC) Primary Decision-Making Group

### Instructions:

The following questions are related to the CoC primary decision-making group. The primary responsibility of this group is to manage the overall planning effort for the entire CoC, including, but not limited to:

- Setting agendas for full Continuum of Care meetings
- Project monitoring
- Determining project priorities
- Providing final approval for the CoC application submission.

This body is also responsible for the implementation of the CoC's HMIS, either through direct oversight or through the designation of an HMIS implementing agency. This group may be the CoC Lead Agency or may authorize another entity to be the CoC Lead Agency under its direction.

**Name of primary decision-making group:** Kansas Statewide Homeless Coalition, Board of Directors

**Indicate the frequency of group meetings:** Bi-monthly

**If less than bi-monthly, please explain (limit 500 characters):**

**Indicate the legal status of the group:** 501(c)(3)

**Specify "other" legal status:**

**Indicate the percentage of group members that represent the private sector: (e.g., non-profit providers, homeless or formerly homeless persons, advocates and consumer interests)** 80%

**\* Indicate the selection process of group members: (select all that apply)**

<b>Elected:</b>	<input checked="" type="checkbox"/>
<b>Assigned:</b>	<input type="checkbox"/>
<b>Volunteer:</b>	<input type="checkbox"/>
<b>Appointed:</b>	<input type="checkbox"/>
<b>Other:</b>	<input type="checkbox"/>

**Specify "other" process(es):**

**Briefly describe the selection process of group members. Description should include why this process was established and how it works (limit 750 characters):**

Per Coalition By-laws, directors are elected by the membership at the Annual Meeting. To ensure diverse representation and expertise, a Nominating Committee presents a slate of directors to the membership. There are at least 9 and no more than 21 directors from government agencies, service providers, faith based organizations, each of the regional areas of the BoS CoC, and a homeless/formerly homeless individual. Vacancies that occur during the year are filled by the sitting Board of Directors for the remaining term of the vacancy. Officers are elected annually. This process is believed to be the most effective in ensuring representation across the Balance of State.

**\* Indicate the selection process of group leaders: (select all that apply):**

<b>Elected:</b>	<input checked="" type="checkbox"/>
<b>Assigned:</b>	<input type="checkbox"/>
<b>Volunteer:</b>	<input type="checkbox"/>
<b>Appointed:</b>	<input type="checkbox"/>
<b>Other:</b>	<input type="checkbox"/>

**Specify "other" process(es):**

**If administrative funds were made available to the CoC, will the primary-decision making body, or its designee, have the capacity to be responsible for activities such as applying for HUD funding and serving as a grantee, providing project oversight, and monitoring? Explain (limit to 750 characters):**

Yes, the primary-decision making group (KSHC) would have the capacity to responsibly manage HUD administrative activities. Currently KSHC Balance of State staff and KSHC Board members coordinate the CoC application process which includes: convening the CoC Committee consisting of BoS stakeholders to complete and submit Exhibit 1; providing technical assistance to grantees to complete Exhibit 2's; coordinating and managing the process for new project selection; monitoring existing projects through site visits, phone calls, and APR reviews; and providing technical assistance to grantees as needed. KSHC would utilize additional resources to develop/enhance the service capacity in underserved rural communities.

## 1C. Continuum of Care (CoC) Committees, Subcommittees and Work Groups

**Instructions:**

Provide information on up to five of the CoCs most active CoC-wide planning committees, subcommittees, and workgroups. CoCs should only include information on those groups that are directly involved in CoC-wide planning activities such as project review and selection, discharge planning, disaster planning, completion of the Exhibit 1 application, conducting the point-in-time count, and 10-year plan coordination. For each group, briefly describe the role and how frequently the group meets. If one of more of the groups meet less than quarterly, please explain.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

### Committees and Frequency

Name of Group	Role of Group (limit 750 characters)	Meeting Frequency
Balance of State CoC Committee	The CoC Committee is responsible for preparing the BoS NOFA application annually. In addition, they assess the number of homeless individuals in the continuum, their needs, and resources available.	Monthly or more
Regional CoC Committees	Kansas is divided into 8 regions. Regional Coordinators, who serve on the Balance of State Continuum of Care (BoS CoC) Committee, are elected by their respective regional councils or appointed by the BoS CoC Coordinator, depending on the active status of the regional council and/or their preferences. Regional Coordinators sign a Memorandum of Agreement to serve as the liaison between KSHC and their regional members in organizing and facilitating local efforts and serve as ex-officio members of the KSHC Board of Directors.	quarterly (once each quarter)
Balance of State HMIS Oversight Committee	The BoS HMIS Oversight Committee (BHOC) is responsible for the overall data quality of the HMIS. This includes setting the data standards for the CoC, assuring that resources are available for HMIS implementation, and monitoring the use and quality of HMIS data entry.	Monthly or more
Balance of State Point-in-Time Committee	The BoS Point-In-Time Committee (PIT) coordinates the Point-In-Time Count for the BoS and provides input into the overall Kansas statewide Point-In-Time Count through representation on the Kansas Point-In-Time Partnership.	quarterly (once each quarter)
Kansas Interagency Council on Homelessness	The Kansas Interagency Council on Homelessness is responsible for developing the statewide strategic plan for ending homelessness in Kansas. It is comprised of representatives of state and federal agencies and invited non-profits who work with people who are homeless.	quarterly (once each quarter)

**If any group meets less than quarterly, please explain (limit 750 characters):**

## 1D. Continuum of Care (CoC) Member Organizations

## 1D. Continuum of Care (CoC) Member Organizations Detail

### Instructions:

- Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:
- Organization name - Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
  - Type of membership - Public, private, or individual
  - Type of organization
  - Organization role in the CoC planning process
  - Subpopulations represented - No more than 2 may be selected
  - Services provided, if applicable

**Name of organization or individual:** Kansas Department of Education

**Type of Membership:** Public Sector  
(public, private, or individual)

**Type of Organization:** State government agencies  
(Content depends on "Type of Membership" selection)

**Role(s) of the organization:** Primary Decision Making Group, Lead agency for 10-year plan, Committee/Sub-committee/Work Group, Attend 10-year planning meetings during past 12 months  
(select all that apply)

**Subpopulation(s) represented by the organization:** NONE  
(No more than two subpopulations)

**Does the organization provide direct services to homeless people?** No

**Services provided to homeless persons and families:** Not Applicable  
(select all that apply)

## 1D. Continuum of Care (CoC) Member Organizations Detail

**Rating and Performance Assessment Measure(s):**  
**(select all that apply)** b. Review CoC Monitoring Findings, g. Site Visit(s), k. Assess Cost Effectiveness, q. Review All Leveraging Letters (to ensure that they meet HUD requirements), c. Review HUD Monitoring Findings, r. Review HMIS participation status, j. Assess Spending (fast or slow), p. Review Match, i. Evaluate Project Readiness, e. Review HUD APR for Performance Results, n. Evaluate Project Presentation, o. Review CoC Membership Involvement, f. Review Unexecuted Grants, a. CoC Rating & Review Committee Exists, m. Assess Provider Organization Capacity, l. Assess Provider Organization Experience

**Voting/Decision-Making Method(s):**  
**(select all that apply)** a. Unbiased Panel/Review Committee, e. Consensus (general agreement), f. Voting Members Abstain if Conflict of Interest

**Were there any written complaints received by the CoC regarding any matter in the last 12 months?** No

**If yes, briefly describe complaint(s), how it was resolved, and the date(s) resolved (limit 1000 characters):**

## **1F. Continuum of Care (CoC) Housing Inventory Count--Change in Beds Available**

**For each housing type, indicate if there was a change (increase or reduction) in the total number of beds counted in the FY2011 Housing Inventory Count (HIC) as compared to the FY2010 HIC. If there was a change, please describe the reasons in the space provided for each housing type. If the housing type does not exist in your CoC, please select "Not Applicable" and indicate that in the text box for that housing type.**

**Emergency Shelter:** Yes

**Briefly describe the reason(s) for the change in Emergency Shelter beds, if applicable (limit 750 characters):**

KS BoS identified 165 more ES beds in 2011 than 2010. Fifty-seven beds for households with children were lost while 165 beds for households without children were added. The largest change was the 152 beds from the Dwight D. Eisenhower Domiciliary that were listed in the transitional housing inventory in 2010.

**HPRP Beds:** Not Applicable

**Briefly describe the reason(s) for the change in HPRP beds or units, if applicable (limit 750 characters):**

**Safe Haven:** Not Applicable

**Briefly describe the reason(s) for the change in Safe Haven beds, if applicable (limit 750 characters):**

**Transitional Housing:** Yes

**Briefly describe the reason(s) for the change in Transitional Housing beds, if applicable (limit 750 characters):**

The transitional housing inventory decreased overall by 57 beds in 2011. One-hundred and fifty-two of these beds are from the Dwight D. Eisenhower Veterans Domiciliary which were inappropriately label as transitional housing beds for households without children in 2010.

**Permanent Housing:** Yes

**Briefly describe the reason(s) for the change in Permanent Housing beds, if applicable (limit 750 characters):**

The 2011 HiC shows an overall decrease of 26 beds, 20 for households with children and 6 for households without children from 2010. We account for this disparity by the disagreement in the BOS CoC about including / excluding VA beds in Leavenworth (included in 2009, but not in 2008 or 2010); inadvertent inclusion of a Section 811 in Dodge City in 2010; over-reported number of beds at a project in Parsons; and 3 locations starting new PH projects (Manhattan, Newton, and Leavenworth). BoS CoC lead agency did not submit an Exhibit 1 in 2009 due to technical difficulties, but has taken action to ensure continuity in our HIC under the guidance of our current, experienced CoC Coordinator.

**CoC certifies that all beds for homeless persons were included in the Housing Inventory Count (HIC) as reported on the Homelessness Data Exchange (HDX), regardless of HMIS participation and HUD funding:** Yes

## **1G. Continuum of Care (CoC) Housing Inventory Count - Data Sources and Methods**

**Instructions:**

Complete the following items based on data collection methods and reporting for the Housing Inventory Count (HIC), including Unmet need determination. The information should be based on a survey conducted in a 24-hour period during the last ten days of January 2011. CoCs were expected to report HIC data on the Homelessness Data Exchange (HDX).

**Did the CoC submit the HIC data in HDX by May 31, 2011?** Yes

**If no, briefly explain why the HIC data was not submitted by May 31, 2011 (limit 750 characters).**

**Indicate the type of data sources or methods used to complete the housing inventory count: (select all that apply)** HMIS plus housing inventory survey

**Indicate the steps taken to ensure the accuracy of the data collected and included in the housing inventory count: (select all that apply)** Follow-up, Instructions, Updated prior housing inventory information, Confirmation, HMIS

**Must specify other:**

**Indicate the type of data or method(s) used to determine unmet need: (select all that apply):** Unsheltered count, HUD unmet need formula, Local studies or non-HMIS data sources, Housing inventory, Stakeholder discussion, Provider opinion through discussion or survey forms

**Specify "other" data types:**

**If more than one method was selected, describe how these methods were used together (limit 750 characters):**

A survey was conducted online to gather initial information for the 2011 HIC, with follow-up phone calls to non-respondents. A series of conference calls which included BoS CoC stakeholders, the HMIS provider, and lead agency representatives, produced several drafts of unmet need based on a review of the HIC data, HUD unmet need formula, the Kansas Balance of State Point-in-Time Count of January 2011 (sheltered and unsheltered), provider opinion and local data. Final review and approval of the unmet need was reached via conference call with the previously named CoC members.

## 2A. Homeless Management Information System (HMIS) Implementation

### Intructions:

All CoCs are expected to have a functioning Homeless Management Information System (HMIS). An HMIS is a computerized data collection application that facilitates the collection of information on homeless individuals and families using residential or other homeless services and stores that data in an electronic format. CoCs should complete this section in conjunction with the lead agency responsible for the HMIS. All information should reflect the status of HMIS implementation as of the date of application submission.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

<b>Select the HMIS implementation coverage area:</b>	Single CoC
<b>Select the CoC(s) covered by the HMIS: (select all that apply)</b>	KS-507 - Kansas Balance of State CoC
<b>Is the HMIS Lead Agency the same as the CoC Lead Agency?</b>	No
<b>Does the CoC Lead Agency have a written agreement with the HMIS Lead Agency?</b>	Yes
<b>Has the CoC selected an HMIS software product?</b>	Yes
<b>If "No" select reason:</b>	
<b>If "Yes" list the name of the product:</b>	MAACLink
<b>What is the name of the HMIS software company?</b>	Mld America Assistance Coalition (MAAC)
<b>Does the CoC plan to change HMIS software within the next 18 months?</b>	No
<b>Indicate the date on which HMIS data entry started (or will start): (format mm/dd/yyyy)</b>	07/01/2006
<b>Indicate the challenges and barriers impacting the HMIS implementation: (select all the apply):</b>	Inadequate staffing, Poor data quality, Inability to integrate data from providers with legacy data systems, No or low participation of S+C funded providers, No or low participation by non-HUD funded providers
<b>If CoC indicated that there are no challenges or barriers impacting HMIS implementation, briefly describe either why CoC has no challenges or how all barriers have been overcome (limit 1000 characters).</b>	

**If CoC identified one or more challenges or barriers impacting HMIS implementation, briefly describe how the CoC plans to overcome them (limit 1000 characters).**

The CoC's plan to address listed barriers includes: continuing education and comprehensive training on the benefits of HMIS to all HUD funded and non-HUD funded providers to increase participation and to promote the resources available from the HMIS lead to assist with implementation; working with partners to find solutions to data quality issues from existing legacy systems; and to continue over the next year for current/new HMIS users implementation of the Data Quality Assurance Plan, developed by the BoS to assist in efforts to uphold HUD's HMIS data quality standards. The BoS CoC also developed an Agreement for HMIS participants. This plan and agreement will be used to implement policies and procedures to ensure HMIS data integrity and to establish minimum standards for agencies to collect and maintain data for participants. General oversight/monitoring of this plan will occur monthly. In-depth onsite monitoring of HMIS participants will occur biennially.

## 2B. Homeless Management Information System (HMIS) Lead Agency

Enter the name and contact information for the HMIS Lead Agency. This is the organization responsible for implementing the HMIS within a CoC. There may only be one HMIS Lead Agency per CoC.

**Organization Name** Kansas Housing Resources Corporation (KHRC)

**Street Address 1** 611 S. Kansas Avenue

**Street Address 2**

**City** Topeka

**State** Kansas

**Zip Code** 66603-3803

**Format:** xxxxx or xxxxx-xxxx

**Organization Type** State or Local Government

**If "Other" please specify**

**Is this organization the HMIS Lead Agency in more than one CoC?** No

## 2C. Homeless Management Information System (HMIS) Bed Coverage

**Instructions:**

HMIS bed coverage measures the level of provider participation in a CoC's HMIS. Participation in HMIS is defined as the collection and reporting of client level data either through direct data entry into the HMIS or into an analytical database that includes HMIS data on an at least annual basis.

HMIS bed coverage is calculated by dividing the total number of year-round beds located in HMIS-participating programs by the total number of year-round beds in the Continuum of Care (CoC), after excluding beds in domestic violence (DV) programs. HMIS bed coverage rates must be calculated separately for emergency shelters, transitional housing, and permanent supportive housing.

The 2005 Violence Against Women Act (VAWA) Reauthorization bill restricts domestic violence provider participation in HMIS unless and until HUD completes a public notice and comment process. Until the notice and comment process is completed, HUD does not require nor expect domestic violence providers to participate in HMIS. HMIS bed coverage rates are calculated excluding domestic violence provider beds from the universe of potential beds.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**Indicate the HMIS bed coverage rate (%) for each housing type within the CoC. If a particular housing type does not exist anywhere within the CoC, select "Housing type does not exist in CoC" from the drop-down menu.**

* Emergency Shelter (ES) Beds	76-85%
* Safe Haven (SH) Beds	No beds in CoC
* Transitional Housing (TH) Beds	65-75%
* Permanent Housing (PH) Beds	86%+

**How often does the CoC review or assess its HMIS bed coverage?**    At least    Semi-annually

**If bed coverage is 0-64%, describe the CoC's plan to increase this percentage during the next 12 months:**

## 2D. Homeless Management Information System (HMIS) Data Quality

**Instructions:**

HMIS data quality refers to the extent that data recorded in an HMIS accurately reflects the extent of homelessness and homeless services in a local area. In order for HMIS to present accurate and consistent information on homelessness, it is critical that all HMIS have the best possible representation of reality as it relates to homeless people and the programs that serve them. Specifically, it should be a CoC's goal to record the most accurate, consistent and timely information in order to draw reasonable conclusions about the extent of homelessness and the impact of homeless services in its local area. Answer the questions below related to the steps the CoC takes to ensure the quality of its data. In addition, CoCs will indicate their participation in the Annual Homelessness Assessment Report (AHAR) for 2010 and 2011 as well as whether or not they plan to contribute data to the Homelessness Pulse project in 2012.

For additional instructions, refer to the Exhibit 1 Detailed Instructions, which can be accessed on the left-hand menu bar.

**Indicate the percentage of unduplicated client records with null or missing values on a day during the last ten days of January 2011.**

Universal Data Element	Records with no values (%)	Records where value is refused or unknown (%)
* Social Security Number	0%	14%
* Date of Birth	0%	0%
* Ethnicity	0%	0%
* Race	0%	0%
* Gender	0%	0%
* Veteran Status	0%	4%
* Disabling Condition	0%	3%
* Residence Prior to Program Entry	0%	33%
* Zip Code of Last Permanent Address	0%	13%
* Name	0%	0%

**How frequently does the CoC review the quality of program level data?** At least Annually

**Describe the process, extent of assistance, and tools used to improve data quality for agencies participating in the HMIS (limit 750 characters):**

MAAC provides a user guide, training by request, as agencies join the HMIS, upon turnover, and refreshers. MAAC staffs a support desk 8-5, M-F and a support line 24 hours. An HMIS subcommittee focuses on improving accuracy through standard operating procedures and assessment of training needs. The variance between 2010 and 2011 is due to the new MAACLink software providing better info on quality issues, and a significant difference between the old and new workflows providing a data migration challenge and a steep learning curve for users. With user training complete, the focus is moving to an understanding of how program data affects the CoC. This shift, and new features rolled out, are opportunities for a renewed focus on data quality.

**Describe the existing policies and procedures used to ensure that valid program entry and exit dates are recorded in the HMIS (limit 750 characters):**

The HMIS subcommittee which meets monthly has implemented a Data Quality Assurance Plan and Agreement for data entry compliance throughout the entire CoC. This document holds each agency accountable for their program's entry and exit dates. The HMIS implemented system functionality to automate program entry and exit dates for emergency shelter clients. The supportive housing programs must enter their client records in HMIS in a timely manner to match their case files. The HMIS subcommittee runs monthly reports and will be requesting that each agency run their own reports regularly so data quality will be checked on several levels within the CoC.

**Indicate which reports the CoC or subset of the CoC submitted usable data:** 2010 AHAR  
(Select all that apply)

**Indicate which reports the CoC or subset of the CoC plans to submit usable data:** 2011 AHAR, 2011 AHAR Supplemental Report on Homeless Veterans  
(Select all that apply)

## 2E. Homeless Management Information System (HMIS) Data Usage

### Instructions:

CoCs can use HMIS data for a variety of applications. These include, but are not limited to, using HMIS data to understand the characteristics and service needs of homeless people, to analyze how homeless people use services, and to evaluate program effectiveness and outcomes.

In this section, CoCs will indicate the frequency in which it engages in the following.

- Integrating or warehousing data to generate unduplicated counts
- Point-in-time count of sheltered persons
- Point-in-time count of unsheltered persons
- Measuring the performance of participating housing and service providers
- Using data for program management
- Integration of HMIS data with data from mainstream resources

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

**Indicate the frequency in which the CoC uses HMIS data for each of the following:**

<b>Integrating or warehousing data to generate unduplicated counts:</b>	Never
<b>Point-in-time count of sheltered persons:</b>	At least Annually
<b>Point-in-time count of unsheltered persons:</b>	Never
<b>Measuring the performance of participating housing and service providers:</b>	At least Annually
<b>Using data for program management:</b>	At least Annually
<b>Integration of HMIS data with data from mainstream resources:</b>	Never

## 2F. Homeless Management Information System (HMIS) Data and Technical Standards

**Instructions:**

In order to enable communities across the country to collect homeless services data consistent with a baseline set of privacy and security protections, HUD has published HMIS Data and Technical Standards. The standards ensure that every HMIS captures the information necessary to fulfill HUD reporting requirements while protecting the privacy and informational security of all homeless individuals.

Each CoC is responsible for ensuring compliance with the HMIS Data and Technical Standards. CoCs may do this by completing compliance assessments on a regular basis and through the development of an HMIS Policy and Procedures manual. In the questions below, CoCs are asked to indicate the frequency in which they complete compliance assessment.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**For each of the following HMIS privacy and security standards, indicate the frequency in which the CoC and/or HMIS Lead Agency complete a compliance assessment:**

* Unique user name and password	At least Monthly
* Secure location for equipment	At least Annually
* Locking screen savers	At least Annually
* Virus protection with auto update	At least Annually
* Individual or network firewalls	At least Annually
* Restrictions on access to HMIS via public forums	At least Monthly
* Compliance with HMIS Policy and Procedures manual	At least Monthly
* Validation of off-site storage of HMIS data	At least Monthly

**How often does the CoC Lead Agency assess compliance with the HMIS Data and Technical Standards?** At least Quarterly

**How often does the CoC Lead Agency aggregate data to a central location (HMIS database or analytical database)?** Never

**Does the CoC have an HMIS Policy and Procedures manual?** Yes

**If 'Yes' indicate date of last review or update by CoC:** 09/22/2011

**If 'No' indicate when development of manual will be completed (mm/dd/yyyy):**

## **2G. Homeless Management Information System (HMIS) Training**

**Instructions:**

Providing regular training opportunities for homeless assistance providers that are participating in a local HMIS is a way that CoCs can ensure compliance with the HMIS Data and Technical Standards. In the section below, CoCs will indicate how frequently they provide certain types of training to HMIS participating providers.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**Indicate the frequency in which the CoC or HMIS Lead Agency offers each of the following training activities:**

* Privacy/Ethics training	At least Monthly
* Data Security training	At least Monthly
* Data Quality training	At least Monthly
* Using Data Locally	At least Monthly
* Using HMIS data for assessing program performance	At least Monthly
* Basic computer skills training	At least Monthly
* HMIS software training	At least Monthly

## 2H. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulation: Point-In-Time (PIT) Count

### Instructions:

The purpose of the point-in-time count is to further understand the number and characteristics of people sleeping on the streets, including places not meant for human habitation, emergency shelters, and transitional housing. Although CoCs are only required to conduct a point-in-time count every two years, HUD strongly encourages CoCs to conduct a point-in-time count annually.

CoCs are to indicate how frequently they will conduct a point-in-time count and what percentage of their homeless service providers participated. CoCs will also describe if there was an increase, decrease, or no change between the most recent point-in-time count and the one prior. CoCs are to indicate in the narrative which years are being compared.

**How frequently does the CoC conduct a point-in-time count?** biennially (every other year)

**\*Indicate the date of the most recent point-in-time count (mm/dd/yyyy):** 01/25/2011

**If the CoC conducted the point-in-time count outside the last 10 days in January, was a waiver from HUD obtained prior to January 19, 2011?** No

**Did the CoC submit the point-in-time count data in HDX by May 31, 2011?** Yes

**If no, briefly explain why the point-in-time data was not submitted by May 31, 2011 (limit 750 characters).**

**Enter the date in which the CoC plans to conduct its next point-in-time count: (mm/dd/yyyy)** 01/23/2013

**Indicate the percentage of homeless service providers supplying population and subpopulation data for the point-in-time count that was collected via survey, interview, and/or HMIS.**

**Emergency Shelter:** 80-89%  
**Transitional Housing:** 80-89%

**Comparing the most recent point-in-time count to the previous point-in-time count, describe any factors that may have resulted in an increase, decrease, or no change in both the sheltered and unsheltered population counts (limit 1500 characters).**

ES Sheltered - HH w/Kids up from 53 to 77; 229 persons from 170  
TH Sheltered - HH w/Kids up from 28 to 59; 197 persons from 83  
Unsheltered HH w/Kids - 4 households (no change from 2009); 10 persons from 13 in 2009  
Total HH w/Kids - 2009 - 85; 140 in 2011; 2011 - 427 persons from 266 in 2009

ES HH w/only Kids - 2009 - 3; 3 persons; 2011 - 0  
TH HH w/only Kids - 2009 - 1; 1 persons; 2011 - 0  
Unsheltered HH w/o Kids - 2009 -0; 2011 - 0  
Totals - 2009 4; 2011 - 0

ES Totals for HH w/Kids - 2009 - 56 HHs; 173 persons; 2011 - 77 HH; 220 persons  
TH Totals for HH w/Kids - 2009 - 29 HHs; 84 persons; 2011 - 59 HH; 197 persons  
Unsheltered HH w/Kids - 2009 - 4; 13 persons; 2011 - 4 HH; 10 persons  
Totals - 89 HH; 270 persons in 2009; 140 HH; 427 persons in 2011

ES HH w/o Kids - 2009 - 284; persons 291; 2011 - 248 HH; 253 persons  
TH HH w/o Kids - 2009 - 256; 256 persons; 2011 - 282 HH; 292 persons  
Unsheltered HH w/o Kids - 2009 - 42 HH; 46 persons; 2011 - 49 HH; 51 persons  
Total HH w/o Kids - 2009 - 582 HH; 593 persons; 2011 - 579 HH; 596 persons

Total ES HH - 2009 - 340; 464 persons; 2011 - 325 HH; 473 persons  
Total TH HH - 2009 - 285; 340 persons; 2011 - 341 HH; 489 persons  
Total Unsheltered - 2009 - 46 HH; 59 persons; 2011 - 53 HH; 61 persons

Total All - 2009 - 671 HH; 863 persons; 2011 - 719 HH; 1,023 persons

## 2I. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulations: Methods

### Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on "guesstimates." CoCs may use one or more method(s) to count sheltered homeless persons. This form asks CoCs to identify and describe which method(s) were used to conduct the point-in-time counts. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**Indicate the method(s) used to count sheltered homeless persons during the last point-in-time count:  
(Select all that apply):**

<b>Survey Providers:</b>	<input checked="" type="checkbox"/>
<b>HMIS:</b>	<input type="checkbox"/>
<b>Extrapolation:</b>	<input type="checkbox"/>
<b>Other:</b>	<input type="checkbox"/>

**If Other, specify:**

**Describe the methods used by the CoC, as indicated by the above selected method(s), to collect data on the sheltered homeless population during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data (limit 1500 characters):**

Persons in sheltered situations were surveyed in structured interviews conducted by provider staff/trained volunteers. The survey was piloted and the instrument revised prior to 1-26-11. The BoS is divided into 8 regions, with regional coordinators as team leaders to identify providers, solicit participation, distribute forms, and provide support/training before and during the count.

## 2J. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Collection

### Instructions:

CoCs are required to produce data on seven subpopulations. These subpopulations are: chronically homeless, severely mentally ill, chronic substance abuse, veterans, persons with HIV/AIDS, victims of domestic violence, and unaccompanied youth (under 18). Subpopulation data is required for sheltered homeless persons and, with the exception of chronically homeless and veterans, optional for unsheltered persons. Sheltered chronically homeless persons are those living in emergency shelters only.

The definition of chronically homeless persons is an unaccompanied individual with a disabling condition, or an adult member of a family with a disabling condition, who meets all other requirements for chronic homeless designation. CoCs may use a variety of methods to collect subpopulation information on sheltered homeless persons and may utilize more than one in order to produce the most accurate data. This form asks CoCs to identify and describe which method(s) were used to gather subpopulation information for sheltered populations during the most recent point-in-time count. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

**Indicate the method(s) used to gather and calculate subpopulation data on sheltered homeless persons (select all that apply):**

	<b>HMIS</b>	<input type="checkbox"/>
	<b>HMIS plus extrapolation:</b>	<input type="checkbox"/>
<b>Sample of PIT interviews plus extrapolation:</b>		<input type="checkbox"/>
	<b>Sample strategy:</b>	
	<b>Provider expertise:</b>	<input checked="" type="checkbox"/>
	<b>Interviews:</b>	<input checked="" type="checkbox"/>
<b>Non-HMIS client level information:</b>		<input type="checkbox"/>
	<b>None:</b>	<input type="checkbox"/>
	<b>Other:</b>	<input type="checkbox"/>

**If Other, specify:**

**Describe the methods used by the CoC, based on the selections above, to collect data on the sheltered homeless subpopulations during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data on all of the sheltered subpopulations (limit 1500 characters):**

Persons in sheltered situations were surveyed in structured interviews conducted by provider staff/trained volunteers. The survey used specific questions to identify the following sub populations: chronically homeless, severely mentally ill, victims of domestic violence, chronic substance abusers, veterans, persons with HIV/AIDS, and unaccompanied youth.

## 2K. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Quality

### Instructions:

The data collected during point-in-time counts is vital for CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level to plan services and programs that will appropriately address local needs and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country and to provide Congress and OMB with information regarding services provided, gaps in service, performance, and funding decisions. It is vital that the quality of data reported accurate and of high quality. CoCs may undertake once or more actions to improve the quality of the sheltered population data.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

**Indicate the method(s) used to verify the data quality of sheltered homeless persons:  
(select all that apply)**

<b>Instructions:</b>	<input checked="" type="checkbox"/>
<b>Training:</b>	<input checked="" type="checkbox"/>
<b>Remind/Follow-up</b>	<input checked="" type="checkbox"/>
<b>HMIS:</b>	<input type="checkbox"/>
<b>Non-HMIS de-duplication techniques:</b>	<input checked="" type="checkbox"/>
<b>None:</b>	<input type="checkbox"/>
<b>Other:</b>	<input type="checkbox"/>

**If Other, specify:**

**If selected, describe the non-HMIS de-duplication techniques used by the CoC to ensure the data quality of the sheltered persons count (limit 1000 characters).**

Information provided by survey respondents was scrutinized in an attempt to determine duplicate surveys. The first letters of the respondents' first, middle and last names were analyzed and compared with their dates of birth (DOB) and the locations in which the surveys were completed. Respondents were also directly asked if they had already participated in a survey with someone else that day. When initials, DOB and locations were not adequate, the number of family members / spouses was reviewed to determine more specific information and prevent duplicate surveys. Each potential instance of duplicate surveys was reviewed on a case-by-case basis. Surveys that did not contain sufficient information to rule out duplication were considered incomplete and were excluded from the analysis.

**Describe the methods used by the CoC, based on the selections above, to collect data on the sheltered homeless subpopulations during the most recent point-in-time count. Response is to indicate how the method(s) selected above were used in order to produce accurate data on all of the sheltered subpopulations (limit 1500 characters):**

Persons in sheltered situations were surveyed in structured interviews conducted by provider staff/trained volunteers. The survey used specific questions to identify the following sub populations: chronically homeless, severely mentally ill, victims of domestic violence, chronic substance abusers, veterans, persons with HIV/AIDS, and unaccompanied youth.

## 2L. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Methods

**Instructions:**

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on "guesstimates." CoCs may use one or more methods to count unsheltered homeless persons. This form asks CoCs to identify which method(s) they use to conduct their point-in-time counts.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**Indicate the method(s) used during the most recent point-in-time count of unsheltered homeless persons: (select all that apply)**

<b>Public places count:</b>	<input type="checkbox"/>
<b>Public places count with interviews:</b>	<input checked="" type="checkbox"/>
<b>Service-based count:</b>	<input type="checkbox"/>
<b>HMIS:</b>	<input type="checkbox"/>
<b>Other:</b>	<input type="checkbox"/>

**If Other, specify:**

**Describe the method(s) used by the CoC based on the selections above, to count unsheltered homeless populations during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to obtain accurate data (limit 1500 characters).**

Unsheltered persons were surveyed using structured interviews conducted by trained volunteers, many of whom had prior experience working with people experiencing homelessness. Sector maps were distributed and utilized by county team leaders to determine logical county canvassing locations. Team Leaders then tracked volunteer movement to document and report on sectors covered. County officials were asked to identify possible sites not meant for human habitation where trained volunteers might find homeless individuals and families. Volunteers were asked to drive, walk or use a combination of driving and walking in assigned areas where the homeless individuals/families might be located.

## **2M. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Level of Coverage**

**Instructions:**

CoCs may utilize several methods when counting unsheltered homeless persons. CoCs need to determine what area(s) they will go to in order to count this population. For example, CoCs may canvas an entire area or only those locations where homeless persons are known to sleep. CoCs are to indicate the level of coverage incorporated when conducting the unsheltered count.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**Indicate where the CoC located the unsheltered homeless persons (level of coverage) that were counted in the last point-in-time count:** A Combination of Locations

**If Other, specify:**

## 2N. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Data Quality

**Instructions:**

The data collected during point-in-time counts is vital for CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level to plan services and programs that will appropriately address local needs and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country and to provide Congress and OMB with information regarding services provided, gaps in service, performance, and funding decisions. It is vital that the quality of data reported is accurate and of high quality. CoCs may undertake one or more actions to improve the quality of the sheltered population data.

All CoCs should engage in activities to reduce the occurrence of counting unsheltered persons more than once during the point-in-time count. The strategies are known as de-duplication techniques. De-duplication techniques should always be implemented when the point-in-time count extends beyond one night or takes place during the day at service locations used by homeless persons that may or may not use shelters. CoCs are to describe de-duplication techniques used in the point-in-time count. CoCs are also asked to describe outreach efforts to identify and engage homeless individuals and families.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

**Indicate the steps taken by the CoC to ensure the quality of the data collected for the unsheltered population count: (select all that apply)**

<b>Training:</b>	<input checked="" type="checkbox"/>
<b>HMIS:</b>	<input type="checkbox"/>
<b>De-duplication techniques:</b>	<input checked="" type="checkbox"/>
<b>"Blitz" Count:</b>	<input type="checkbox"/>
<b>Unique Identifier:</b>	<input checked="" type="checkbox"/>
<b>Survey Question:</b>	<input checked="" type="checkbox"/>
<b>Enumerator Observation:</b>	<input type="checkbox"/>
<b>Other:</b>	<input type="checkbox"/>

**If Other, specify:**

**Describe the techniques, as selected above, used by the CoC to reduce the occurrence of counting unsheltered homeless persons more than once during the most recent point-in-time count (limit 1500 characters):**

Information provided by survey respondents was scrutinized in an attempt to determine duplicate surveys. The first letters of the respondents' first, middle and last names were analyzed and compared with their dates of birth (DOB) and the locations in which the surveys were completed. Respondents were also directly asked if they had already participated in a survey with someone else that day. When initials, DOB and locations were not adequate, the number of family members / spouses was reviewed to determine more specific information and prevent duplicate surveys. Each potential instance of duplicate surveys was reviewed on a case-by-case basis. Surveys that did not contain sufficient information to rule out duplication were considered incomplete and were excluded from the analysis.

**Describe the CoCs efforts to reduce the number of unsheltered homeless households with dependent children. Discussion should include the CoCs outreach plan (limit 1500 characters):**

In the past two years, KS BoS CoC created 33 TH beds for households w/ children totaling 272 existing TH beds. BoS CoC has 20 PSH beds for households w/ children. There are 4 PATH programs in the CoC, with specific providers engaging families through street outreach in Lawrence, Ottawa/Paola, Manhattan and Salina. the CoC utilizes HPRP funding and ESG, along with existing BoS HUD funded projects, to move families from homelessness to permanent housing. CoC outreach plan targets service providers most likely to encounter unsheltered families, i.e. school district homeless liaisons, Domestic Violence programs, and Community Action Programs. This application includes a proposal for 6 new housing units dedicated to households w/ dependent children based on a Transition in Place best practice model. The CoC will continue outreach efforts to work w/ other mainstream programs that offer rental/support services to develop holistic service plans to move families out of homelessness. Action steps include: working w/ Public Housing Authorities and other subsidized housing programs to gain priority for homeless families on Section 8 and housing waiting lists, developing relationships with private landlords and other housing providers to work with this targeted group who face multiple rehousing barriers so that they may move into housing units quicker, working w/ housing developers and local branches of government to show the need for creation of additional affordable housing units.

**Describe the CoCs efforts to identify and engage persons that routinely sleep on the streets or other places not meant for human habitation (limit 1500 characters):**

The BoS CoC utilizes four PATH programs with specific providers trained to engage persons through street outreach in the Lawrence, Ottawa/Paola, Manhattan and Salina communities. Routinely, law enforcement officials partner with local advocates to assist in identifying and engaging unsheltered persons. They make referrals to shelters and service providers. Additionally, faith based organizations associated with the BoS CoC are frequently sought out by unsheltered persons for assistance, i.e., shelter, food and hygiene kits. During PIT Counts, persons in unsheltered homeless situations are surveyed using structured interviews. County officials are asked to identify possible sites not meant for human habitation where trained volunteers might find homeless individuals and families.

## **3A. Continuum of Care (CoC) Strategic Planning Objectives**

### **Objective 1: Create new permanent housing beds for chronically homeless persons.**

**Instructions:**

Ending chronic homelessness continues to be a HUD priority. CoCs can do this by creating new permanent housing beds that are specifically designated for this population. In the FY2010 NOFA, chronically homeless persons were defined as an unaccompanied homeless individual with a disabling condition, or a family where at least one adult member had a disabling condition, who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the past three (3) years.

CoCs are to describe the short-term and long-term plans for creating new permanent housing beds for chronically homeless persons who meet the definition of chronically homeless. CoCs will also indicate the current number of permanent housing beds designated for chronically homeless persons. This number should match the number of beds reported in the FY2011 Housing Inventory Count (HIC) and enter into the Homeless Data Exchange (HDX). CoCs will then enter the number of permanent housing beds expected to be in place in 12 months, 5 years, and 10 years. These future estimates should be based on the definition of chronically homeless.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

- How many permanent housing beds are currently in place for chronically homeless persons?** 30
- In 12 months, how many permanent housing beds designated for chronically homeless persons are planned and will be available for occupancy?** 60
- In 5 years, how many permanent housing beds designated for chronically homeless persons are planned and will be available for occupancy?** 75
- In 10 years, how many permanent housing beds designated for chronically homeless persons are planned and will be available for occupancy?** 100

**Describe the CoC's short-term (12 month) plan to create new permanent housing beds for persons who meet HUD's definition of chronically homeless (limit 1000 characters):**

One new permanent supportive housing program was funded through the 2010 CoC competition. The program will open in late 2011, once the HUD contract is executed, and will designate 2 beds to specifically serve the chronically homeless population. In addition, the VA is expected to release up to 50 HUD VASH vouchers, up to 60% of which will be designated for chronically homeless persons. The CoC will continue outreach and advocacy efforts with the HOME Tenant Based Rental Assistance (TBRA) and Housing Opportunities for Persons with AIDS (HOPWA) subrecipients of the state, to set aside beds in these programs which are allowed to have preferences for those who have disabilities and meet HUD's definition of chronically homeless. Collaboration will continue with the Veterans Administration and HUD 811 projects across the state to develop partnerships with service providers to utilize the HUD VASH program and possible HUD 811 facilities.

**Describe the CoC's long-term (10 year) plan to create new permanent housing beds for persons who meet HUD's definition of chronically homeless (limit 1000 characters):**

As stated above, the CoC has initiated and will continue its efforts to connect with/utilize other possible funding streams outside of HUD's CoC Homeless Assistance Program to create permanent housing beds. Other avenues include: the CoC utilizing a scoring system for new CoC project applications each year that awards extra points for the percentage of chronic homeless individuals to be served, the CoC working with state and local planning groups (i.e. Governor's Planning Council on Mental Health-Subcommittee on Homelessness and Housing, Kansas Interagency Council on Homelessness and private housing developers) through monthly regional coordinator contacts to identify areas of greatest need for permanent housing within the BoS and directing strategic efforts toward these areas to produce new beds.

## **3A. Continuum of Care (CoC) Strategic Planning Objectives**

**Objective 2: Increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 77 percent or more.**

### **Instructions:**

Increasing self-sufficiency and stability of permanent housing program participants is an important outcome measurement of HUD's homeless assistance programs. Each SHP-PH and S+C project is expected to report the percentage of participants remaining in permanent housing for more than six months on its Annual Performance Report (APR). CoCs then use this data from all of its permanent housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

In this section, CoCs are to describe short-term and long-term plans for increasing the percentage of participants remaining in all of its CoC-funded permanent housing projects (SHP-PH or S+C) to at least 77 percent. CoCs will indicate the current percentage of participants remaining in these projects, as indicated on form 4C, as well as the expected percentage in 12 months, 5 years, and 10 years. CoCs that do not have any CoC-funded permanent housing projects (SHP-PH or S+C) for which an APR was required should indicate this by entering "0" in the numeric fields and note in the narratives.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**What is the current percentage of participants remaining in CoC-funded permanent housing projects for at least six months?** 69

**In 12 months, what percentage of participants will have remained in CoC-funded permanent housing projects for at least six months?** 75

**In 5 years, what percentage of participants will have remained in CoC-funded permanent housing projects for at least six months?** 80

**In 10 years, what percentage of participants will have remained in CoC-funded permanent housing projects for at least six months?** 80

**Describe the CoCs short-term (12 month) plan to increase the percentage of participants remaining in CoC-funded permanent housing projects for at least six months to 77 percent or higher (limit 1000 characters):**

The CoC will review and evaluate current project performance by grantees to determine how the higher functioning programs are achieving their outcomes and provide technical assistance to programs performing below the 77% threshold. Through regular regional coordinator contact, the annual summit and other targeted training, the CoC will encourage best practices including strengths-based case management and housing first/rapid rehousing models that are evidence based for improving the housing stability for participants. The CoC coordinator and HMIS lead agency will conduct annual project monitoring that will include a review of project performance and HMIS implementation to track outcomes.

**Describe the CoCs long-term (10 year) plan to increase the percentage of participants remaining in CoC-funded permanent housing projects for at least six months to 77 percent or higher (limit 1000 characters):**

The CoC will continue the efforts noted above. In addition, new and renewal projects will be encouraged/required to meet CoC identified target performance measures with regard to the percentage of participants remaining in permanent housing for at least six months. The CoC will consider reallocation of funds annually as allowed based on actual performance achieved by projects. The CoC will continue to provide training in response to areas of greatest need to retain participants in permanent housing and advocate for additional services needed to assist in stabilizing program participants who have a disabling condition.

## **3A. Continuum of Care (CoC) Strategic Planning Objectives**

**Objective 3: Increase the percentage of participants in CoC-funded transitional housing that move into permanent housing to 65 percent or more.**

### **Instructions:**

The transitional housing objective is to help homeless individuals and families obtain permanent housing and self-sufficiency. Each SHP-TH project is expected to report the percentage of participants moving to permanent housing on its Annual Performance Report (APR). CoCs then use this data from all of the CoC-funded transitional housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

In this section, CoCs are to describe short-term and long-term plans for increasing the percentage of transitional housing participants who move from SHP-TH projects into permanent housing to at least 65 percent or more. CoCs will indicate the current percentage of SHP-TH project participants moving into permanent housing as indicated on form 4C, as well as the expected percentage in 12 months, 5 years, and 10 years. CoCs that do not have any CoC funded transitional housing projects (SHP-TH) for which an APR was required should enter "0" in the numeric fields below and note in the narratives.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**What is the current percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing?**

**In 12 months, what percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing?**

**In 5 years, what percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing?**

**In 10 years, what percentage of participants in CoC-funded transitional housing projects will have moved to permanent housing?**

**Describe the CoCs short-term (12 month) plan to increase the percentage of participants in CoC-funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters).**

At this time the CoC has exceeded HUD's threshold as 67% of those that have left transitional housing during the last program year, moved to permanent housing. In order to maintain and build on current performance, the CoC will continue to encourage service providers to utilize effective best practices which include strengths-based case management and rapid rehousing/housing first models in addition to client specific supportive services. The CoC will recognize and promote high performing programs through regional coordinator contact, the annual summit, and other targeted training to encourage peer to peer technical assistance for lower performing programs.

**Describe the CoCs long-term (10 year) plan to increase the percentage of participants in CoC-funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters):**

The CoC will continue action steps as noted above. In addition, new and renewal projects will be encouraged/required to meet CoC identified target performance measures with regard to the percentage of participants leaving transitional housing and moving to permanent housing upon program exit. The CoC will consider reallocation of funds annually as allowed based on actual performance achieved by projects. The CoC will continue to provide training in response to areas of greatest need to assist programs in meeting set thresholds and to develop better service plans to help participants achieve permanent housing. The CoC and service providers will also advocate for additional specific services needed to assist those that may fall short of reaching this overall goal.

## **3A. Continuum of Care (CoC) Strategic Planning Objectives**

### **Objective 4: Increase percentage of participants in all CoC-funded projects that are employed at program exit to 20 percent or more.**

#### **Instructions:**

Employment is a critical step for homeless persons to achieve greater self-sufficiency, which represents an important outcome that is reflected both in participants' lives and the health of the community. Each CoC-funded project (excluding HMIS dedicated only projects) is expected to report the percentage of participants employed at exit on its Annual Performance Report (APR). CoCs then use this data from all of its non-HMIS projects to report on the overall CoC performance on form 4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information.

In this section, CoCs are to describe short-term and long-term plans for increasing the percentage of all CoC-funded program participants that are employed at program exit to 20 percent or more. CoCs will indicate the current percentage of project participants that are employed at program exit, as reported on 4D, as well as the expected percentage in 12 months, 5 years, and 10 years. CoCs that do not have any CoC-funded non-HMIS dedicated projects (SHP-PH, SHP-TH, SHP-SH, SHP-SSO, or Sac TRA/SRA/PRA/SRO) for which an APR was required should enter "0" in the numeric fields below and note in the narratives.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**What is the current percentage of participants in all CoC-funded projects that are employed at program exit?**

**In 12 months, what percentage of participants in all CoC-funded projects will be employed at program exit?**

**In 5 years, what percentage of participants in all CoC-funded projects will be employed at program exit?**

**In 10 years, what percentage of participants in all CoC-funded projects will be employed at program exit?**

**Describe the CoCs short-term (12 month) plan to increase the percentage of participants in all CoC-funded projects that are employed at program exit to 20 percent or more (limit 1000 characters).**

At this time the CoC has met the threshold of 20% of participants exiting CoC projects as 32% have been employed at program exit. Through the 2009 Point In Time Count it was estimated that up to one-third of all homeless persons were disabled. This significantly impacts their ability to secure employment. Given the current state of the economy in addition to the previous statement, it is not anticipated by the CoC that improvement for this objective will occur over the next twelve months. The CoC will continue to work with workforce development agencies and supported employment partners to secure employment for program participants who are able to work.

**Describe the CoCs long-term (10 year) plan to increase the percentage of participants in all CoC-funded projects who are employed at program exit to 20 percent or more (limit to 1000 characters):**

To maintain or build upon the CoC's current performance, the CoC will work to increase the participation of workforce development and supported employment agencies within regional strategic plan meetings as well as local businesses and other diverse stakeholders in the overall BoS CoC planning process. The CoC will also increase the participation of the KS Department of Social & Rehabilitation Services, Vocational Rehabilitation Services specialists with our projects. New projects within the CoC will be scored based on a clear demonstration of how they will assist participants to increase their employment upon program exit.

## **3A. Continuum of Care (CoC) Strategic Planning Objectives**

### **Objective 5: Decrease the number of homeless households with children.**

#### **Instructions:**

Ending homelessness among households with children, particularly for those households living on the streets or other places not meant for human habitation, is an important HUD priority. CoCs can accomplish this goal by creating new beds and/or providing additional supportive services for this population.

In this section, CoCs are to describe short-term and long-term plans for decreasing the number of homeless households with children, particularly those households that are living on the streets or other places not meant for human habitation. CoCs will indicate the current total number of households with children that was reported on their most recent point-in-time count. CoCs will also enter the total number of homeless households with children they expect to report on in the next 12 months, 5 years, and 10 years.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**What is the current total number of homeless households with children as reported on the most recent point-in-time count?** 140

**In 12 months, what will be the total number of homeless households with children?**

**In 5 years, what will be the total number of homeless households with children?**

**In 10 years, what will be the total number of homeless households with children?**

#### **Describe the CoCs short-term (12 month) plan to decrease the number of homeless households with children (limit 1000 characters):**

With the recent change in the definition of homelessness through the HEARTH Act, and the slow economic recovery, the CoC anticipates a short term increase in the number of homeless households with children. However, the CoC will continue to utilize HPRP funding and the new ESG, along with existing BoS HUD funded projects, to move families from homelessness to permanent housing. This year's BoS application includes a project proposing 12 new units of housing with 6 dedicated to households with dependent children based on the Transition in Place best practice housing model.

#### **Describe the CoCs long-term (10 year) plan to decrease the number of homeless households with children (limit 1000 characters):**

The CoC has begun and will continue outreach and advocacy efforts to work w/ mainstream programs that offer rental and supportive services to develop holistic service plans to move families out of homelessness. These action steps include: identification /referral of homeless families by school district liaisons; work w/ Public Housing Authorities and other subsidized housing programs to gain priority for homeless families on Section 8 and housing waiting lists; develop relationships w/ private landlords / other housing providers to work w/ this targeted group who face multiple rehousing barriers so they may move into housing units more quickly; work w/ housing developers and local branches of government to show the need for creation of additional affordable housing units in communities; and advocate for increased wages and jobs across the state of Kansas to help families maintain/sustain housing once they obtain it.

### 3B. Continuum of Care (CoC) Discharge Planning

#### Instructions:

The McKinney-Vento Act requires that State and local governments have policies and protocols in place to ensure that persons being discharged from publicly-funded institutions or systems of care are not discharged immediately into homelessness. To the maximum extent practicable, Continuums of Care should demonstrate how they are coordinating with and/or assisting in State or local discharge planning efforts to ensure that discharged persons are not released directly to the streets, emergency homeless shelters, or other McKinney-Vento homeless assistance programs (SHP, S+C, SRO). For each system of care, CoCs are to address the following:

**What:** Describe the efforts that the CoC has taken to ensure that persons are not routinely discharged into homelessness. In the case of Foster Care, CoCs should specifically address the discharge of youth ageing out from the foster care system. If there is a State mandate that requires publicly funded institutions to ensure appropriate housing placement, that does not include homelessness, indicate this in the narrative.

**Where:** Indicate where persons routinely go upon discharge. Response should identify alternative housing options that are available for discharged persons other than the streets, emergency homeless shelters, and/or McKinney-Vento homeless assistance programs.

**Who:** Identify stakeholders and/or collaborating agencies that are responsible for ensuring that persons being discharged from system of care are not routinely discharged into homelessness.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**For each system of care identified below describe the CoC's efforts in coordinating with and/or assisting in the development of local discharge planning policies that ensure persons are not routinely discharged into homelessness, including the streets, emergency homeless shelters, or other McKinney-Vento homeless assistance housing programs. Review ALL instructions to ensure that each narrative is fully responsive (limit 1500 characters).**

#### Foster Care (Youth Aging Out):

Youth who leave the foster care system because they have attained 18 years of age are eligible to participate in Independent Living Services through the Chafee Foster Care Independence Program. This is a voluntary program and at age 18 young adults may choose not to participate. The program offers funds to help pay the costs of setting up a household, such as rent and utility deposits, buying household goods, etc. The program also offers a monthly subsidy for up to 36 months as long as the young adult is eligible.

Starting at age 16, and prior to discharge/release at 18 years of age, youth participate in planning for their transition. Transition planning involves helping the youth identify specific goals for housing, employment, and education that they can accomplish when they are released from custody at age 18. Youth are assisted in preparing for their goals with information about services available through the six SRS Independent Living Coordinators across the state. They are also provided with support in acquiring skills that will help them achieve self sufficiency.

**Health Care:**

The State of Kansas is still in the development phase of establishing a protocol/policy preventing health care institutions from discharging patients into homelessness. The Kansas Department of Aging follows state and federal regulations in relation to discharge planning; however, neither state nor federal regulations address the assurance that residents will be discharged into housing. The Kansas Department on Aging has agreed to participate as a member of the Kansas Interagency Council on Homelessness (KICH) and the Kansas Health Policy Authority will be invited as well. Further discussion of health care discharge protocols are anticipated in future meetings of the KICH which include The Kansas Statewide Homeless Coalition.

**Mental Health:**

The Kansas Department of Social and Rehabilitation Services (SRS), which includes Mental Health and Foster Care, enacted a policy in 2006 that ensures to the maximum extent possible that all individuals who are discharged from State-funded institutions or systems of care have housing options available in order to prevent being discharged into homelessness. However, an individual can exercise their right to refuse treatment and/or aid with placement and therefore become homeless upon discharge. In FY 2011, the Kansas State Psychiatric Hospitals (SPH) discharged 3,963 persons. Of those persons, 4.5% were reported as being discharged into homelessness. A Kansas Medicaid managed care agency, contracted by SRS, instituted a Discharge Planning Team that works with SPH's and Mental Health Centers for discharge planning assistance. In addition, Kansas has implemented SOAR statewide, including the Kansas SPH's.

The CoC has built partnerships within the mental health field including mental health agencies as Grantees for CoC funded projects.

**Corrections:**

The Kansas Department of Corrections (KDOC) has a formal policy regarding release and discharge planning, with planning for all offenders beginning at 16 months pre-release, or upon admission if their length of incarceration is less than 16 months. Offenders are assessed for risk and need, and plans are developed for their return to the community. Specialized reentry and discharge planning staff are in all facilities working with offenders. Housing specialists in Topeka, Kansas City and Wichita support release and discharge planners in their effort to find suitable housing for offenders. There are still many barriers, but the issue is receiving increased attention by case managers and specialists in the corrections system. In the state's 2011 fiscal year, KDOC data showed that 7% of all individuals were released to homelessness and or emergency shelter/housing, 33% were released to at risk housing (friends, mentors, structured or residential housing) while over 60% were released to stable housing (self or with family members). To assist ex-offenders upon release, KDOC recently implemented SOAR throughout the Kansas corrections system.

### 3C. Continuum of Care (CoC) Coordination

**Instructions:**

A CoC should regularly assess its local homeless assistance system and identify gaps and unmet needs. CoCs can improve their communities through long-term strategic planning. CoCs are encouraged to establish specific goals and implement short-term action steps. Because of the complexity of existing homeless systems and the need to coordinate multiple funding sources and priorities, there are often multiple long-term strategic planning groups. It is imperative for CoCs to coordinate, as appropriate, with each of these existing strategic planning groups to meet local needs.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

**Does the Consolidated Plan for the jurisdiction(s) that make up the CoC include the CoC strategic plan goals for addressing homelessness?** Yes

**If yes, list the goals in the CoC strategic plan that are included in the Consolidated Plan:**

1. Increase the supply of affordable housing for people who are homeless or at imminent risk of becoming homeless.
2. Offer timely and flexible services which support stability and independence to individuals experiencing chronic homelessness.
3. Create a comprehensive evaluation process to measure progress and track accomplishments.
4. Build broad-based community support to prevent and end homelessness by reaching out to all sectors in the community- business, government, the faith community, non-profit organizations, citizens and homeless people, and cultivating leaders from these sectors to engage and mobilize large groups of citizens.

**Describe how the CoC is participating in or coordinating with the local Homeless Prevention and Rapid re-housing Program (HPRP) initiative, as indicated in the substantial amendment to the Consolidated Plan 2008 Action Plan (1500 character limit):**

Kansas BoS received \$8,360,995 in HPRP funds. The KS BoS CoC broadcasted the announcement of funds available on its website and via its listserv. KS BoS CoC staff worked with the state agency administrating HPRP funds to develop the grant selection process; and served on the committee to review and recommend the successful applicants. KS BoS CoC encouraged and supported member agencies to apply for the available funds, of which some were successful. As HMIS is required for HPRP providers the BoS CoC and the administering agency will continue to work in partnership to assist and support further implementation and utilization of the HMIS system for service providers across the state.

**Describe how the CoC is participating in or coordinating with any of the following: Neighborhood Stabilization Program (NSP) initiative, HUD VASH, or other HUD managed American Reinvestment and Recovery Act programs (2500 character limit)?**

KS BoS CoC members make public comment on, and actively participate in, the planning process for the Kansas Consolidated Plan, which includes CDBG/NSP. KS BoS CoC members actively participate and sustain on-going representation on committees addressing each of the aforementioned initiatives. The KS BoS CoC serves as an information and referral resource and works to ensure BoS CoC service providers are utilizing each of these resources and programs for their participants as appropriate. HUD VASH vouchers are limited to one county in the BoS where there is a veterans hospital and military base. The need is great throughout the BoS and we continue to advocate for additional vouchers. Outreach efforts by the CoC to connect with the Veterans Administration and VASH program have been successful. A CoC regional planning meeting has been scheduled for the near future and is being hosted by the veteran's hospital located in the BoS.

**Indicate if the CoC has established policies that require homeless assistance providers to ensure all children are enrolled in school and connected to appropriate services within the community?** Yes

**If yes, please describe the established policies that are in currently in place.**

The Kansas State Department of Education(KSDE)oversees the Plan for Education for Homeless Children and Youth:  
1)KSDE shall ensure that each child of a homeless individual/each homeless youth have equal access to the same free, appropriate public education, including public preschool education, as provided to other children/youth. 2)KSDE will review/undertake steps to revise compulsory school attendance laws or other laws, regulations, practices, or policies that may act as barriers to enrollment, attendance, or success in school of homeless children/youth, to ensure the same free, appropriate public education as provided to other children/youth. 3)Homelessness alone is not sufficient reason to separate students from the mainstream school environment. 4)Homeless children/youth should have access to education/other services that they need to ensure that they have an opportunity to meet the same challenging state student academic achievement standards to which all students are held.

**Describe the CoC's efforts to collaborate with local education agencies to assist in the identification of homeless families and inform them of their eligibility for McKinney-Vento education services. (limit 1500 characters)**

School District Homeless Liaisons are invited and encouraged to participate in Regional Planning meetings for the BoS CoC and to participate in the BoS CoC Committee. A representative of KSDE (the State Coordinator for the Education of Homeless Children and Youth) serves on the Kansas Point-in-Time Count partnership and several liaisons serve on the BoS PIT Committee for their regions. School District Homeless Liaisons and the KSDE State Coordinator have presented workshops at the Annual Kansas Summit on Homelessness and Housing for the past 4 years. Homeless Liaisons which are employed within every school district throughout the BoS work to identify families experiencing homelessness. After identification has been made, staff work to educate families about McKinney-Vento and available services.

The CoC will reinforce to all homeless service providers the need to collaborate with local LEA's (Local Education Agency), and adjust intake forms to better reflect school age children and their McKinney-Vento educational rights. The BoS CoC Committee Chairperson is currently employed as the McKinney-Vento Education Coordinator at a school district within the Balance of State.

**Describe how the CoC has, and will continue, to consider the educational needs of children when families are placed in emergency or transitional shelter. (limit 1500 characters)**

BoS CoC program providers and Homeless Liaisons, through collaboration with school districts, work to ensure placement of families with children as close as possible to their school of origin so as not to disrupt the child's education. An intake assessment is utilized which identifies an educational list of needs that includes: enrollment status in school/pre-school, NAMES OF SCHOOLS and other special programs. During the intake process with families and youth the following topics are covered: concerns about school attendance, particularly fears regarding domestic violence, and a plan of action to address them; how changing schools may impact the child's educational, social and emotional well-being; and the development of an education plan as part of the family's overall case plan. Additionally collaboration with the school district is employed for establishing shelter-based tutoring programs and study areas with educational resources, computers, calculators and books. The late meal option is also offered for children to participate in after school programs and extracurricular activities.

**Describe the CoC's current efforts to combat homelessness among veterans. Narrative should identify organizations that are currently serving this population, how this effort is consistent with CoC strategic plan goals, and how the CoC plans to address this issue in the future.(limit 1500 characters)**

**Describe the CoC's current efforts to address the youth homeless population. Narrative should identify organizations that are currently serving this population, how this effort is consistent with the CoC strategic plan goals, and the plans to continue to address this issue in the future (limit 1500 characters):**

CoC members work with school district liaisons to make sure that school districts are identifying and serving homeless youth. School district liaisons make sure that the educational needs of the students are being met. They also work with CoC and other social service agencies to make sure that students and families are referred to appropriate personnel in and around the community for their needs outside of the educational setting. School district liaisons serve on CoC committees. The State Coordinator from the Kansas Department of Education serves on the Point In Time Count committee along with the CoC and works with the Balance of State, including serving on the Kansas Statewide Homeless Coalition Board of Directors. The State Coordinator also serves on the committee which is writing the 10-year plan for the State of Kansas.

### 3D. Hold Harmless Need (HHN) Reallocation

**Instructions:**

Continuum of Care (CoC) Hold Harmless Need (HHN) Reallocation is a process whereby an eligible CoC may reallocate funds in whole or in part from SHP renewal projects to create one or more new permanent housing projects and/or a new dedicated HMIS project. A CoC is eligible to use HHN Reallocation if its Final Pro Rata Need (FPRN) is based on its HHN amount or if it is a newly approved merged CoC that used the Hold Harmless Merger process during the FY2011 CoC Registration process.

The HHN Reallocation process allows eligible CoCs to fund new permanent housing or dedicated HMIS projects by transferring all or part of funds from existing SHP grants that are eligible for renewal in Fy2011 into a new project. New reallocated permanent housing projects may apply under SHP (one, two, or three years), S+C (five or ten years), and Section 8 Moderate Rehabilitation (ten years). New reallocated HMIS projects may be for one, two, or three years.

A CoC whose FPRN is based on its Preliminary Pro Rata Need (PPRN) is not eligible to reallocate existing projects through this process and should therefore always select "No" to the questions below.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**Does the CoC want to reallocate funds from one or more expiring SHP grant(s) into one or more new permanent housing or dedicated HMIS project(s)?** No

**Is the CoCs Final Pro Rata Need (FPRN) based on either its Hold Harmless Need (HHN) amount or the Hold Harmless Merger process?** No

CoCs who are in PPRN status are not eligible to reallocate projects through the HHN reallocation process.

## 4A. Continuum of Care (CoC) 2010 Achievements

**Instructions:**

In the FY2010 CoC application, CoCs were asked to propose numeric achievements for each of HUD's five national objectives related to ending chronic homelessness and moving individuals and families to permanent housing and self-sufficiency through employment. CoCs will report on their actual accomplishments since FY2010 versus the proposed accomplishments.

In the column labeled FY2010 Proposed Numeric Achievement enter the number of beds, percentage, or number of households that were entered in the FY2010 application for the applicable objective. In the column labeled Actual Numeric Achievement enter the actual number of beds, percentage, or number of households that the CoC reached to date for each objective.

CoCs will also indicate if they submitted an Exhibit 1 in FY2010. If a CoC did not submit an Exhibit 1 in FY2010, enter "No" to the question. CoCs that did not fully meet the proposed numeric achievement for any of the objectives should indicate the reason in the narrative section.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Objective	FY2010 Proposed Numeric Achievement:	Actual Numeric Achievement	
Create new permanent housing beds for the chronically homeless.	5	Beds	3
Increase the percentage of homeless persons staying in permanent housing over 6 months to at least 77%.	75	%	%
Increase the percentage of homeless persons moving from transitional housing to permanent housing to at least 65%.	70	%	%
Increase the percentage of homeless persons employed at exit to at least 20%	32	%	%
Decrease the number of homeless households with children.	125	Households	140

**All fields in the Achievements grid must be completed.**

**Did the CoC submit an Exhibit 1 application in FY2010?** Yes

**If the CoC was unable to reach its FY2010 proposed numeric achievement for any of the national objectives, provide a detailed explanation (limit 1500 characters)**

The BoS CoC was unsuccessful in submitting Exhibit 1 in 2009. In the past year, a new Continuum of Care Coordinator with experience managing ESG and SHP programs was hired. Efforts have been made to visit all regions of the BoS, especially the HUD funded projects. In addition to regular involvement by the BoS Stakeholders in the planning process, regional coordination is being enhanced which will lead to better outcomes for the BoS as a whole.

## 4B. Continuum of Care (CoC) Chronic Homeless Progress

**Instructions:**

HUD tracks each CoCs progress toward ending chronic homelessness. In the FY2011 CoC NOFA, chronically homeless is defined as an unaccompanied homeless individual with a disabling condition, or a family with at least one adult member who has a disabling condition, who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the last three (3) years.

CoCs are to track changes from one year to the next in the number of chronically homeless persons as well as the number of beds available for this population. CoCs will complete this section using data reported for the FY2009, FY2010, and FY2011 (if applicable) point-in-time counts as well as the data collected and reported on the Housing Inventory Counts (HIC) for those same years. For each year, indicate the total unduplicated point-in-time count of chronically homeless as reported in that year. For FY2009 and FY2010, this number should match the number indicated on form 2J of the respective years Exhibit 1. For FY2011, this number should match the number entered on the Homeless Data Exchange (HDX).

**Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in the CoC for FY2009, FY2010, and FY2011.**

Year	Number of CH Persons	Number of PH beds for the CH
2009	77	38
2010	77	30
2011	70	30

**Indicate the number of new permanent housing beds in place and made available for occupancy for the chronically homeless between February 1, 2010 and January 31, 2011.**

**Identify the amount of funds from each funding source for the development and operations costs of the new permanent housing beds designated for the chronically homeless, that were created between February 1, 2010 and January 31, 2011.**

Cost Type	HUD McKinney-Vento	Other Federal	State	Local	Private
Development	\$0	\$0	\$0	\$0	\$0
Operations	\$0	\$0	\$0	\$0	\$0
<b>Total</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>

**If the number of chronically homeless persons increased or if the number of permanent beds designated for the chronically homeless decreased, please explain (limit 750 characters):**

## 4C. Continuum of Care (CoC) Housing Performance

**Instructions:**

All CoC funded non-HMIS projects are required to submit an Annual Performance Report (APR), or Transition APR (TAPR) within 90 days of a given operating year. To demonstrate performance on participants remaining in permanent housing for more than six months, CoCs must use data on all permanent housing projects that should have submitted an APR, or TAPR, for the most recent operating year. Projects that did not submit an APR, or TAPR, on time must also be included in this calculation.

Complete the table using data entered for Question 12(a) and 12(b) for the most recent submitted APR, Q27 from the TAPR, for all permanent housing projects (SHP-PH, or Sac TRA/SRA/SRO/PRA) within the CoC that should have submitted one. Enter totals in fields a-e. The Total PH percent will auto-calculate by selecting "Save." The percentage is calculated as: c+d, divided by a+b, multiplied by 100. the last field, e., is excluded from the calculation.

CoCs that do not have SHP-PH or S+C projects for which and APR, or TAPR, was required should select "No" if the CoC did not have ANY CoC-funded permanent housing projects operating within their CoC that should have submitted an APR, or TAPR.

For additional instructions, refer to the "Exhibit 1 Detailed Instructions" which can be accessed on the left-hand menu bar.

**Does the CoC have any permanent housing projects (SHP-PH or S+C) for which an APR was required to be submitted?** Yes

<b>Participants in Permanent Housing (PH)</b>	
<b>a. Number of participants who exited permanent housing project(s)</b>	
<b>b. Number of participants who did not leave the project(s)</b>	
<b>c. Number of participants who exited after staying 6 months or longer</b>	
<b>d. Number of participants who did not exit after staying 6 months or longer</b>	
<b>e. Number of participants who did not exit and were enrolled for less than 6 months</b>	
<b>TOTAL PH (%)</b>	0

**All fields in the PH Participants grid must be completed**

**Instructions:**

HUD will also assess CoC performance in moving participants in SHP transitional housing programs into permanent housing. To demonstrate performance, CoCs must use data on all transitional housing projects that should have submitted an APR, or TAPR, for the most recent operating year. Projects that did not submit an APR, or TAPR, on time must also be included in this calculation.

Complete the table below using cumulative data entered for Question 14 on the most recent submitted APR, Q29 on the TAPR, for all transitional housing projects (SHP-TH) within the CoC that should have submitted one. Once amounts have been entered into a. and b. selection "Save." The Total TH will auto-calculate. The percentage is auto-calculated as: b. divided by a, multiplied by 100. CoCs that do not have SHP-TH projects for which an APR was required should select "No" to the question below. This only applies to CoCs that do not have any CoC-funded transitional housing projects currently operating within their CoC that should have submitted an APR.

**Does CoC have any transitional housing projects (SHP-TH) for which an APR was required to be submitted?** Yes

<b>Participants in Transitional Housing (TH)</b>	
<b>a. Number of participants who exited TH project(s), including unknown destination</b>	
<b>b. Number of SHP transitional housing participants that moved to permanent housing upon exit</b>	
<b>TOTAL TH (%)</b>	0

**All fields in TH Participants Grid must be completed**

## 4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information

**Instructions:**

HUD will assess CoC performance in assisting program participants with accessing mainstream services to increase income and improve outcomes such as health, education, safety, and/or economic outcomes of homeless persons. To demonstrate performance, CoCs must use data on all non-HMIS projects (SHP-PH, SHP-SH, SHP-SSO, S+C TRA/SRA/PRA/SRO) that should have submitted an APR (either the HUD-40118 or the HUD APR in e-snaps) for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data entered for question 11 on the most recent submitted HUD-40118 APR or Q26 for the HUD APR in e-snaps for all non-HMIS projects within the CoC that should have submitted one. Each CoC shall first indicate the total number of exiting adults. Next, enter the total number of adults who exited CoC non-HMIS projects with each source of income. Once amounts have been entered, select "Save" and the percentages will auto-calculate. CoCs that do not have any non-HMIS projects for which an APR was required should select "No" to the question below. This only applies to CoCs that do not have any CoC-funded non-HMIS projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

**Total Number of Exiting Adults:**

Mainstream Program	Number of Exiting Adults	Exit Percentage (Auto-calculated)	
SSI	0		%
SSDI	0		%
Social Security	0		%
General Public Assistance	0		%
TANF	0		%
SCHIP	0		%
Veterans Benefits	0		%
Employment Income	0		%
Unemployment Benefits	0		%
Veterans Health Care	0		%
Medicaid	0		%
Food Stamps	0		%
Other (Please specify below)	0		%
Senior Employment Programs, Financial Aid,			
No Financial Resources	0		%

**The percentage values will be calculated by the system when you click the "save" button.**

**All fields in the Mainstream Enrollment grid must be completed**

**Does the CoC have any non-HMIS projects for which an APR was required to be submitted?** Yes

## 4E. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

### Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on the Energy Star Initiative go to: <http://www.energystar.gov>

A "Section 3 business concern" is one in which: 51% or more of the owners are Section 3 residents of the area of services; or at least 30% of its permanent full-time employees are currently Section 3 residents of the area of services; or within three years of their date of hire with the business concern were Section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The Section 3 clause can be found at 24 CFR Part 135.

**Has the CoC notified its members of the Energy Star Initiative?** Yes

**Are any projects within the CoC requesting funds for housing rehabilitation or new construction?** No

## **4F. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs**

**It is fundamental that each CoC systematically help homeless persons to identify, apply for, and follow-up to receive benefits under SSI, SSDI, TANF, Medicaid, Food Stamps, SCHIP, WIA, and Veterans Health Care as well as any other State or Local program that may be applicable.**

**Does the CoC systematically analyze its projects APRs in order to improve access to mainstream programs?** Yes

**If 'Yes', describe the process and the frequency that it occurs.**

Currently the Balance of State CoC reviews APR's annually to determine the extent to which participants have accessed mainstream programs. Programs who do not demonstrate successful outcomes in this area are targeted for focused technical assistance and enhanced monitoring in the succeeding program year. Additional reviews will occur throughout the year using HMIS service reports for CoC projects.

**Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs?** Yes

**If "Yes", indicate all meeting dates in the past 12 months.**

The Balance of State Continuum of Care Committee under the Kansas Statewide Homeless Coalition will continue to monitor participation in mainstream programs. The CoC Committee meets at least monthly.

**Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services?** Yes

**Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs?** Yes

**If yes, identify these staff members** Provider Staff

**Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff.** Yes

If "Yes", specify the frequency of the training. Monthly or more

Does the CoC use HMIS as a way to screen for mainstream benefit eligibility? Yes

If "Yes", indicate for which mainstream programs HMIS completes screening.

Once participant level financial information is entered into the HMIS the poverty level is calculated. From this case managers are able to ascertain mainstream programs for which the participant may be eligible, including foods stamps, Medicaid, SCHIP, TANF, Veterans services, etc.

Has the CoC participated in SOAR training? Yes

If "Yes", indicate training date(s).

## 4G: Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

**Indicate the percentage of homeless assistance providers that are implementing the following activities:**

Activity	Percentage
<b>1. Case managers systematically assist clients in completing applications for mainstream benefits.</b> <b>1a. Describe how service is generally provided:</b>	100%
<p>Upon intake or within 24 hours of program admission, case managers complete an assessment of clients to determine their strengths and needs. Once an assessment has been completed staff will assist clients in completing applications for mainstream benefits whether it be by referral, helping to set appointments, helping to complete applications or the gathering of needed documents.</p>	
<b>2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.</b>	77%
<b>3. Homeless assistance providers use a single application form for four or more mainstream programs:</b> <b>3.a Indicate for which mainstream programs the form applies:</b>	44%
<p>General Public Assistance, Temporary Assistance to Families, Supplemental Nutrition Assistance Program, Medicaid, Head Start, Early Head Start, and Home and Community Based Services.</p>	
<b>4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received.</b>	100%
<b>4a. Describe the follow-up process:</b>	
<p>Staff complete follow-up during scheduled case management meetings where participant progress is assessed. Other activities include follow-up phone calls or letters to the last known address for participants who have left the program. Follow up activities and the results are tracked in participant files and entered into the HMIS. Several providers have participants sign release of information forms so that they may check on benefits and talk with other agency staff to check on the participant's progress in securing mainstream benefits.</p>	

## Continuum of Care (CoC) Project Listing

**Instructions:**

IMPORTANT: Prior to starting the CoC Project Listing, CoCs should carefully review the "CoC Project Listing Instructions" and the "CoC Project Listing" training module, both of which are available at [www.hudhre.info/esnaps](http://www.hudhre.info/esnaps).

To upload all Exhibit 2 applications that have been submitted to this CoC, click on the "Update List" button. This process will take longer based upon the number of projects that need to be located. The CoC can either work on other parts of Exhibit 1 or it can log out of e-snaps and come back later to view the updated list. To review a project, click on the next to each project to view project details.
