

Kansas Balance of State Continuum of Care Coordinated Entry System (CES) HOMELESS Assessment

CES Assessment Packet

Version 3.2

Approved 11/3/2023

Please do not read aloud

THE CONSENT MUST BE COMPLETED AND SIGNED (FOR EVERY ADULT MEMBER)

In the case that respondent refuses consent, or answering affirmatively in the domestic violence section, you may still proceed, however note these special instructions: Do not enter Personal Identifiable Information (PII) into HMIS. HMIS will automatically generate an anonymous ID. Please retain at least the first page of CES Assessment Part I (with HMIS ID & Client Name) for your records and future matches will become the responsibility of the agency that completed the assessment as no other entity will be able to connect the participant to the assessment.

RESERVE JUDGEMENT

Regardless of the outcome of the assessment responses, please remain neutral in your response and reserve judgment and unsolicited advice.

DO NOT BE DISAPPOINTED IF THE PARTICIPANT DOESN'T WANT TO BE ASSESSED.

Negative experiences with past services may cause the respondent to be distrustful. Reversing course on that is a process, and your positive interaction and respect of their boundaries will help future engagements.

DO NOT PROMISE HOUSING OR SERVICES.

Though you may be trying to be helpful, housing and services are primarily dependent on eligibility and availability which may vary.

DO NOT MANIPULATE RESPONSES.

Major eligibility criteria are officially verified later so it does not benefit the participant to be dishonest.

YES AND NO ANSWERS ARE FINE, IDEAL EVEN. AVOID FOLLOW UP QUESTIONS.

Respondents do not need to explain themselves. Explain questions if further clarification is needed but try to keep the conversation short and clear to respect their time. Make note of items you may want to come back to but allow engagement/case management to happen separate from the assessment itself.

READ THE GENERAL SCRIPT TO THE PARTICIPANTS

"We are here today to talk to you about your housing and service needs. I have a 15-minute assessment tool that I would like to complete with you. Participation in this tool is voluntary and if you refuse you can still access services at our organization. This assessment helps us determine how we can best support you with available resources. There are no wrong or preferred answers, just what is true for you. The more accurate and upfront you are in your responses the better we can connect you to the right program. Most questions only require a Yes or No answer and some questions require a one-word answer. You have the right to skip or refuse any question that you don't feel comfortable answering. If you do not understand a question, let me know and I would be happy to clarify. Before we begin, we need to review the below consent and release of information." The U.S. Department of Housing and Urban Development (HUD) requires agencies that receive certain types of HUD funding to use a Homeless Management Information System (HMIS) and the Coordinated Entry System (CES). Other funding sources may also require program participation in HMIS. This system is not electronically connected to HUD and is only used by authorized agencies. All persons accessing HMIS and CES have received confidentiality training and have signed agreements to protect clients' personal information and limit its use appropriately. The HMIS Privacy Policy is available upon request and is posted at the continuums' website (http://www.kshomeless.com). Any additional data sharing agreements, providing details on how the member agency handles client information beyond the baseline HMIS Privacy Policy, are available at the agency service sites.

I give permission to the agency completing this form with me to collect and enter information into HMIS and CES about me and my household, which may include demographics, picture, health information, and services that I receive from participating agencies.

I understand that the HMIS is shared with and used by authorized agencies in my community for the purposes of:

- Assessing clients' needs to improve assistance and better their current or future situations.
- Improving the quality of care and services for people in need.
- Tracking the effectiveness of community efforts to meet the needs of people receiving assistance.
- Reporting data on an aggregate level that does not identify specific people or their personal information.

I understand that CES is shared to improve access and service alignment by assessing various needs, and then to match those assessed with the most appropriate housing interventions available by:

- Allowing for voluntary participation in a VI-SPDAT assessment for admittance to CES which is a critical component of our community's ability to provide the most effective services and housing available.
- Allowing my information to be shared during case conferencing to assist in finding suitable housing programs, services, and other resources.
- Not requiring disclosure of specific disabilities or diagnosis and that specific diagnosis or disability information may only be obtained for purposes of determining program eligibility to make appropriate referrals.

I understand that:

- I have the right to review my HMIS and CES record with an authorized user and receive a copy of this consent form once I have signed it.
- I, or my case manager/outreach worker, can be contacted about the information entered into HMIS and CES.
- All agencies that use HMIS and CES will treat my information with respect and in a professional and confidential manner.
- Unauthorized people or organizations cannot gain access to my information without my consent.
- I agree and understand that my data may be transferred from one HMIS system to another for data collection, reporting, or analytics.

I acknowledge that auditors or funders who have legal rights to review the work of HMIS and CES may see my information.

Release of Information

- Signing this release form does not guarantee that I will receive the requested services and it does not guarantee that I will be called for a housing program.
- I understand that some information provided may need further verification if I am referred to an agency for services.
- I understand that if I do not sign this form, it will not change whether I can receive services from the agency assisting me and any other participating agencies. However, I would need to contact each agency directly to apply for assistance and for a determination of eligibility.
- I understand that this authorization shall remain in effect from the date of my signature below.
- I understand that I may revoke this authorization at any time by notifying the agency in writing. I also understand that the written revocation must be signed and dated later than the date of this authorization. The revocations will not affect any actions taken before the receipt of the written revocation.

For safety reasons, I understand that I may refuse to sign this release form which will allow for my HMIS information and CES assessment to be stored in HMIS without identifying information (first name, last name, date of birth, and ss number) and instead I will be issued an anonymous ID number. I understand that by refusing to store this information in the system that should I be matched to a housing program or supportive services, the agency assisting me must serve as my point of contact for the KS BoS CoC and assist in the coordination of services.

Further, if I am unable to participate in a determination of those services or my permission is needed in the future to authorize additional services for a program, my signature below authorizes the agency assisting me with this release to sign for assistance for me in my absence after receiving my verbal permission. Finally, if I am unable to make decisions, the agency is hereby authorized to represent me.

My signature below indicates that I have read (or been read) the information provided above, have received answers to my questions, and agree to participate in the Coordinated Entry System and the Homeless Management Information System.
